LOVES TWO GIRLS, KILLS ONE ON JOY RIDE; A SUICIDE

Discovery of Bodies in Auto
Near Ligonier Reveals
Tragedy of Youth.

WRITES PLANS TO OTHER GIRL

Victim a Student in Greensburg High School, the Boy a Chauffeur. Two
Mystery-Suicide Plan in Letter to
a Young Woman at Ligonier.

GREENSBURG, Feb. 6.—In love with two girls, and a suicide, either John McFadden, 20 years old, killed one of his sweethearts and then committed suicide. This is the result of the investigation which followed the discovery of McFadden's body and that of Anna Lutz, a Greensburg high school girl, in a high-powered automobile near Ligonier soon after last midnight. The victims of the tragedy were found by John and Victor Hayden, employees of the garage where McFadden worked, who were sent after him by their employer, who had supposed McFadden was trying to run off with the car.

The murder and suicide was premeditated. Of this there is no question, in the light of the details worked out by Coroner H. A. Murray. A letter to the other girl, Miss Bertha Milligan, of Ligonier, near Uniontown, supplied the motive which for a time baffled the police. A note in McFadden's pocket directed those who found his body to see the Milligan girl. The letter, which was written yesterday afternoon, and addressed to McFadden's sister, a stenographer at the garage, reads as follows: "I can't love two girls, but I love you as well as the next one, and I guess when you see me the next time I will be a dead one. I have no money to get married. I am going tonight to take my friend for a ride. She will die with me. It will be a case of love and death. Good bye."

McFadden, who was employed at a garage, asked his employer last night to take out a new car. He then drove to the residence of Mrs. Lutz and requested that she allow her daughter, Anna, to ride with him, saying that they would be gone only 20 minutes. They started out at high speed and soon reached Latrobe, where McFadden called his employer, Elmer Turner, by telephone, and said, "I am in Latrobe and am going over the mountain; you'll never see me again. Good-bye."

Turner believed that McFadden was stealing the car and hurried two other employees, John and Victor Hayden, after him in a high-powered car. They came up with the car on a hill near Ligonier, its occupants sitting bolt upright and the engine still running. The girl held the wheel and the head and McFadden once. In the seat between them was a revolver with three chambers exploded. Another revolver was found in McFadden's pocket. The bodies were brought to Greensburg.

A note found in McFadden's pocket read: "If you want to know the reason for our trouble, ask or write to Bertha Milligan, who lives in Uniontown." McFadden yesterday wrote a letter to the Uniontown woman and asked his sister, a stenographer at the garage, to address it for him. Anna Lutz was a Greensburg high school girl and McFadden was only 20 years old.

SMALLPOX NEAR HERE

One Case in Lower Tyrone and Several in Somerset County.

That smallpox is prevalent in the country districts is indicated by recent reports. A 16-year-old girl named Holly was taken ill with the disease while visiting at Jacobs Creek about three weeks ago and is still under quarantine at her home on a farm on the Morgan line near Lower Tyrone township. Her case, which was but a slight one, was discovered by Dr. J. W. Ferguson of West Newton, who turned her over to Dr. Hutton of Smithton. The case had been visiting was quarantined, and as her home is isolated there was no danger of the disease spreading. No new cases developed, though she had had the disease for a week before she sought medical treatment and had been in contact with many people. The smallpox situation at Coal Run, near Meyersdale, is favorable at this time. No new cases have been reported. The two men who took a quarantine at Stoyestown were located and are now under quarantine. Hundreds have been vaccinated and every precaution taken to prevent the spread of the disease.

PLAN ROAD BUILDING

County Commissioners Decide on Increase of Tax Levy.

The county commissioners on Saturday reached a decision regarding the tax levy for 1914. It will be increased half a mill for the purpose of building permanent roads. The regular county levy remains the same, 4 mills, but the tax is increased from 1 to 1 1/2 mills. It is proposed to build seven miles of road this year, apportioned as follows: Dunbar township, 2 miles; Georges township, 2 1/2 miles; Redstone township, 1 1/2 miles; and Jefferson township, 1 mile. There will be fewer smaller bridges built this year, in order to handle the Brownsville bridge construction without increasing the tax levy.

Nurses Patient, Dies.—Miss Nellie Cleaver, 41 years old, a trained nurse in the infirmary of the normal school at California, died Saturday night of scarlet fever and diphtheria. She contracted scarlet fever while nursing Henry Walker of Somerset, a student. Later diphtheria developed.

WOMAN TERRIBLY BURNED; SUCCUMBS IN THE HOSPITAL

Mrs. Katherine Kitten of Scottsdale
Fatally Burned When Her
Clothing Ignited.

SCOTTSDALE, Feb. 7.—Mrs. Katherine Kitten, of Arthur avenue, whose clothing caught fire from a gas stove Sunday morning, died at the Mount Pleasant Hospital about 6 o'clock last evening, from the effects of the terrible burns she received. When S. E. Reed, a neighbor, who heard her screams ran in the woman's clothing and her hair was on fire. She was standing in the room in which there were patches of flames and Mr. Reed beat out the flames, and managed to get them under control.

The unfortunate woman was frightfully burned from the knees up, her hair burned off, and face and arms scorched. There was a gas stove in the room with one burner going, but this seemed too high to have caught from the manner in which the fire had seemingly started. About her nightgown at the foot of the bed, it is said to have told others later that her clothing caught fire from an ordinary open gas stove and that she turned off the gas in that room while she was still struggling with the fire. Mrs. Kitten was over 70 years old and had been living alone, baking bread for a living, desiring to be independent.

She leaves a daughter here, Mrs. B. P. Reynolds, and two daughters in Mount Pleasant, where the body was taken from the hospital. Her husband James Kitten died here some years ago.

94 LIQUOR LICENSES

Fewer Applications, One on File This Year Than Last.

Saturday was the last day for filing liquor license applications, and 91 were in the hands of Clerk of Courts Richard Davis when his office closed that day. Last year there were 97 applications.

There are six new applications, S. P. Fleischer wants license for the Kelly Hotel, Connelville; F. J. McFarland has applied for the Wyman Hotel license and H. M. Kephart, an assignee, for the Young House license.

Charles G. Teed is again an applicant for license in Uniontown. Other applicants are F. P. Tranner and Edward Brady, Lemont; David L. Carson, Bannock; William Watt, Bannock; John Yochum, Wick Haven; and Harry Brady, Monaca.

WILL SPEAK ON SUNDAY

Rev. C. C. Buckner Hopes to Be Over
Severe Cold by Then.

Rev. Champ Clark Buckner, pastor of Irving Park Christian Church at Chicago, who was to have preached his first sermon in the Christian Church Sunday, was taken with a severe cold and an aggravated bronchitis, infection that rendered him practically helpless. He was consequently unable to preach, and consequently unable to occupy the pulpit.

Reverend Buckner, who is a young man, made a favorable impression. He and his wife and little daughter will go to Somerset to visit his brother, Rev. A. G. Buckner, pastor of the Christian Church there, returning to Connelville later in the week. Reverend Buckner will preach here next Sunday and hopes his cold will have disappeared by then.

EXPERT COMING SOON

City Beautiful Man to Be Here Feb.
ruary 20.

Chairman J. Lawrence Schick of the city beautiful committee of the Chamber of Commerce received word Saturday that Guy Gordon Lee, a city beautiful expert, would visit Connelville on Friday, February 20, for a preliminary survey of the town and a conference with the Chamber of Commerce directors.

There will be no public meeting during Mr. Lee's visit. He expects to spend some time looking over the town and will talk over his conclusions with the directors. If they decide upon a plan of action, arrangements will be made to have a conference conducted by an expert in this work.

FINDS COMPANION DEAD.

Negro Who Spent Night in Sham
Tails to Wake Up.

Guy Johnson, 35 years old, colored, was found dead Monday morning in a rooming house on Second street, West of Main street, by a city beautiful expert, who spent the night with Johnson. Coroner H. J. Bell was notified of the death. The body was removed by Paul E. Johnson, C. Mitchell to the home of an aunt, Mrs. Anna Harrison on Second street, from which place the funeral will take place.

Johnson spent most of his time with his sister, Mrs. Daisy Carpenter. He had been in poor health for some time and is said to have had the cocaine habit.

EXTRACTS A NEEDLE.

Magnet Used on Silver Which Has
Been in Finger Three Years.

DUNBAR, Feb. 9.—Mrs. James Smiley of Spers Hill, has been successful in her hand three years ago when washing. The hand has been giving Mrs. Smiley a little trouble of late. She began picking it with a needle and located the broken needle. Using a small magnet she drew the needle to the surface, and her husband, James Smiley, drew it out with a pair of tweezers. The hand is healing and giving Mrs. Smiley no trouble at present.

CATHOLICS TO ORGANIZE.

Societies Will Meet in Uniontown on
February 22.

Arrangements are being completed for the organization of a federation of Catholic societies in Fayette county. Letters have been sent out by J. J. Crowley of Fayette City to the various Catholic societies in the county for a meeting to be held in St. John's auditorium, Uniontown, on Sunday, February 22.

The 62 Catholic societies of Fayette county have been invited to send representatives to the meeting.

NEW HEALTH BOARD NAMED BY COUNCIL; WOMAN IS A MEMBER

Dr. Katherine Wakefield
Elected for the One
Year Term.

PINNACLE WELL TAKEN CARE OF

City Takes Initial Step Looking Toward
a Loan of \$30,000 to Meet Current
Expenses; Size of City Hall
Largely Discussed by Board.

It took council more than three hours last night to appoint a board of health, make preliminary arrangements for borrowing \$30,000 and decide how many barrels of lime it will take to fortify the city hall lawn. Not much time was spent on the Board of Health and financial question, but by the time City Solicitor Higbee had determined how many barrels were wanted for the lawn, the Pinnacle was 20 minutes ahead of the council. Higbee decided there was three-fourths of an acre around the building.

The Pinnacle came out ahead when the Board of Health was selected. No less than three of the five members reside in that section. Two West Side guys and one Second ward one. The South Side is without representation. The board, by districts and by wards, will complete the following:

No. 1. Dr. C. W. Uls, 3 years.
No. 2. Dr. Katherine Wakefield, 1 year.
No. 3. Charles Welbo, 2 years.
No. 4. Joseph T. Johnson, 4 years.
No. 5. Dr. T. R. Francis, 5 years.

Dr. Francis, who is ex-officio secretary of the new board, will call a meeting at an early date for the purpose of organizing. Dr. Wakefield's appointment sets a precedent. Before the first meeting, a public board in Connelville.

The superintendent of accounts and finance was directed to inquire of local financial institutions as to the possibility of borrowing \$30,000 to meet the current expenses of the city from April 1 to August 1. As most of the taxes for the coming year will not be available before August 1, council is faced with the necessity of raising ready money. This is to be paid back by collecting for six months of \$5,000 per month, the last payment to be due on December 31 of this year. Superintendent Gans explained that for an extra \$200,000, the city has been running. Treasurer Floto's receipts have amounted to only \$11,200 while bills contracted in that time reached \$12,000.

It being a regular meeting, Clerk Butler took the floor and read the minutes of the four previous sessions. Immediately following this, a letter was read, Charles Welbo and council agreed in a half-hour's discussion concerning the pavement in front of the city hall and the city has been running. Treasurer Floto's receipts have amounted to only \$11,200 while bills contracted in that time reached \$12,000.

FAKE SUBSCRIPTION AGENTS HAVE LONG STRING OF VICTIMS

Many Persons Here Admit
They Were Duped by
Slick Young Men.

WORKED OTHER TOWNS AS WELL

Curtis Publishing Company Representative
in Town Looking for Old Leary;
Says He Has Traced Gang of Them
Clair Across the Entire State.

Since the announcement of the activities of a fake subscription agent in town who has been duped, many people have been victimized throughout the city. Mr. Curtis Publishing Company of Philadelphia came to town Friday in an effort to locate the agent who signed himself "S. O. Leary," for it is believed that he has also taken subscriptions for the Curtis publication.

Mr. Curtis declares that he has been kept busy for months past tracing fake subscription agents throughout the state. He has not been able to get any direct evidence against them. At Greensburg, Westmoreland, he traced two subscription agents. One of them had 4,000 subscription receipts printed in an effort to make them look like real ones. He had told them that they had been duped by the Curtis Publishing Company.

POSTMASTER SHOWS REAL NEED HERE FOR NIGHT MAIL SERVICE

Week's Test Proves That
Late Collection Is
Necessary.

FILES DATA WITH DEPARTMENT

Business Men Urged to Join in Move
to Make Extension Permanent;
McGinnis Believes Progress Can
Handle the Additional Work.

Asking a comprehensive report and a recommendation of the matter, the postmaster of the Connelville Post Office, Mr. J. W. McGinnis, has filed data with the department. The postmaster's report, which was made up of a series of questions, was answered by McGinnis. He has already forwarded his report, submitting figures to prove the necessity for the improved service.

According to the figures compiled by the postmaster, late collection from boxes in the business district for six nights without knowledge of the residents of town showed a total of 1,613 pieces of first class matter, an average of 235 a night. When an improvement was made, the number of pieces of first class matter was reduced to 777 a night or an average of 129 a night. These totals in themselves are considered to be sufficient to warrant the granting of night service, which would be of great benefit to the residents of town.

These totals in themselves are considered to be sufficient to warrant the granting of night service, which would be of great benefit to the residents of town. The improvement would mean that one clerk would be on duty all night, collecting and distributing mail from the night train. The office would probably be kept open until 11 o'clock at night, though the business would close at 8 o'clock as it is now.

Postmaster McGinnis does not expect that an extra clerk will be assigned to the night service. He has the present force distributed to cover the work. Local business men can help in the campaign for the new service by writing letters to the department, urging the necessity for it.

BALSLEY IS FILMING THE NATURAL GAS INDUSTRY

West Side Man Has Been Through
West Virginia and Kentucky for
Pittsburgh Corporation.

C. H. Balsley returned to town for the week and after a three weeks' trip through West Virginia and Kentucky where he took thousands of feet of moving pictures for the gas industry and other points of interest. The films were made for the Manufacturers Light & Heat Company of Pittsburgh and they depict the gas industry in every phase, from the placing of the pipe to a well to the uses to which the piped product may be put by the consumer.

After working all Saturday night preparing two films for exhibition, Mr. Balsley had them run off before an audience of officials of the company. They are unusually successful and won the approval of the men. Today they will be sent on to the states in which they were taken for the purpose of advertising gas for light and fuel, and to acquaint the public with the magnitude of the industry.

Mr. Balsley has several thousand more feet of film to make for the same company. Those already completed include almost 300 separate scenes.
